Your generous support of our auctions and raffles tonight will help us continue our efforts to undertake projects concerning community service, education, hunting preservation and wildlife conservation. Thank you in advance. - Montana Chapter Board of Directors
2014 President’s Message from Brian Cebull

“First for Hunters, First for Wildlife, First for You”

Safari Club International really is first for YOU, the hunter. There really is no other organization that does so much to protect our hunting tradition in Montana and around the world. Thank you very much for joining us at the 2014 Montana SCI banquet and fundraiser. Your generous support tonight will help us to promote our important mission.

2013 was a fantastic year for the Montana Chapter of SCI. After a record-setting fundraising event last February, we set out to fulfill our mission to our members and to the community by investing those funds towards conservation, education, and humanitarian projects. Here is an overview of the projects our Montana Chapter of SCI made an impact towards:

• Sponsored 3 teachers and 2 students to attend the American Wilderness Leadership School in Jackson, Wyoming to learn about base knowledge of wildlife ecology and conservation
• Spent $2300 to purchase new air rifles for the Montana FWP Hunters Safety Training Program
• Funded $5000 to restart and support Hunters Against Hunger to pay for processing of game meat that was packaged and donated to the Billings Food Bank
• Donated $5000 to the October 2013 Big Sky Honor flight program to fly WWII Veterans to Washington D.C.
• Sponsored $1000 to the Family Support Network for Brews & Chews Annual Banquet
• Spent $1630 sponsoring Sage Grouse Conservation projects
• Provided $5000 to sponsor hunts in Montana for 3 Wounded Warriors including their families
• Spent $2000 to process and package the meat of 5 bison for the Montana Rescue Mission
• Funded $2150 for a catered lunch and a blackpowder shooting station at the 2nd annual Big Sky Youth Event, which is a free event for kids and their parents to learn about wildlife conservation and shooting sports
• Donated $7500 to Zoo Montana for the development of a natural trout pond and bird habitat area
• Donated $1000 to Big Hearts Under the Big Sky for their annual banquet.

All told, the Montana Chapter has pledged or donated more than $30,000 to local projects since the last banquet and is currently evaluating many other proposals that fulfill our mission of supporting conservation, education, and humanitarian efforts in our local community.

As the Chapter President and a Life Member of SCI, I am passionate about this mission and believe in the benefits of being a member of both SCI national and the Montana Chapter. Every day, we see our traditions and pastimes under attack from groups both in the US and abroad. Despite the fact that these short-sighted groups are well funded, SCI has been successful at rebuffing their attacks and protecting our rights at the state, national, and international levels. If you are not a member of SCI, please consider joining tonight as we are offering special incentives such as a free Montana Chapter membership plus one person who joins, renews, or upgrades his membership tonight will win a 10-day hunting safari in South Africa! Remember SCI is “First for You”, the hunter, and that no other organization supports our ability to hunt like SCI.

I would like to extend a sincere thank you to all of our donors, sponsors, and the volunteers who worked tirelessly to make tonight’s event a reality. Thank you again for attending this evening.

Sacred Grounds Buffalo Hunt

The Sacred Hunt project was inspired by an old teaching, “The Hunt is a ceremony of giving and receiving, honoring the gifts given to each other. It is important to honor the giving of a life by accepting and using all of its gifts with gratitude and respect. It is all Sacred.” The harvest and hunt process reflects this wisdom...an honoring way to complete the buffalo’s journey. The ‘Hunt’ takes place at home, on their beloved mountain surrounded by their family. The day before, you will go to the herd and let them know the harvest time has begun and the you will return in the morning. At dawn the following morning everyone is cleansed with sage. All the equipment, guns, bullets, knives and vehicles are also cleansed and blessed with sage. At the start of the hunt, you will ask those who are ready, to set themselves apart. As the hunters depart for the mountain a fire is lit and maintained until word is sent that the hunt is complete and all is well. We wish to thank Tana Blackmore of Sacred Grounds International, Anglers and Antlers Taxidermy and the entire staff and volunteers for this once in a lifetime experience.

Mission Statement

SCI is committed to:

• Providing value to members by shaping policies and legislation that protect the freedom to hunt locally, nationally and internationally.
• Keeping members informed regarding issues that impact hunting while educating and entertaining members with engaging articles about the rich heritage of hunting in all forms of media.
• Providing a community for hunters worldwide where camaraderie is enjoyed and expert information is exchanged, and where members are able to participate in a market for quality hunting goods and services.
• Promoting a positive image of hunters and portraying them as responsible citizens who fund wildlife conservation, education and other programs, which benefit the community.

The Montana Chapter of SCI is serious about protecting the freedom to hunt. As a 501(4) organization that works at the state and local level and nationally through its parent organization, Safari Club International, we support issues that protect the right to hunt. We partner with other pro-hunter organizations that support wildlife conservation and hunting. SCI is first in the field with pro-hunting legislation, litigation against anti-hunting initiatives and international advocacy for hunting. We are “SCI-FIRST FOR HUNTERS”
